# PRESIDENT'S MESSAGE

by Ken Hold

**Where has this year gone!!!** It's December already. What have you been doing with your Porsche? I hope your Porsche fun list is a long one. For the Bluegrass Region, we've had 55 events during the first eleven months this year. The board has done a good job of blending socials, Cars & Coffees, drives, tech sessions, and car shows. We know that some Porsche owners just want to know what's going on while others have a favorite activity and participate big time. Whatever is your preference, the board would like to make it available for your enjoyment. We're in the process of developing our activities plan for 2017. If there is something you would like us to add, drop or change, please send an email to the Chair of that area and let them know. If you would rather contact me, feel free to do so.

Speaking of events, November was another very fun Porsche month. Our Multi-Marque Cars & Coffee at Foreign Affairs on November 5 was well attended and well presented by the FA folks. Thanks to the FA guys for all their efforts in preparation and presentation. We had a very good turnout at our Porsche Cars & Coffee on November 12. Sixteen members enjoyed breakfast at Cusi's. After breakfast, it was outside to check out the thirteen Porsches driven to the event. It was a super display with each car representing a different year or model. Our November Social on the 20th at Ramsey's was lightly attended with only nine members at the table, but with lots of good food and "enlightened" discussion.

Also, for your information, ballots for the annual election of Bluegrass Region Officers and Directors are currently being mailed. Please complete your ballot and return as requested. Let the board know if you would be interested in a future board position or supporting as a committee member.

## **Latest on the Multi-Marque Cars & Coffee**

If you missed our November 5 MMCC at Foreign Affairs, you missed a super event. Great weather, about 150 very fun cars, and excellent discussions/displays by the Foreign Affairs guys! Thanks to Brian, Scott, Shane and the entire Foreign Affairs crew for hosting the event. We also send thanks to Lucian Moody and the Shuffle Bean folks for supplying the coffee!!

There will not be a MMCC in January. Our 2017 MMCC's start on February 4 at the Jones' Toy Box.

## **Keeneland Concours looking for volunteers**

Recall that back in 2004 our PCA Bluegrass Region decided to have a "local car show". Well the Keeneland Concours d'Elegance has turned out to be arguably one of the top ten concours events in North America. Since the start, our region members have been involved as event volunteers as well as year-round directors. Tom and Connie Jones, charter Bluegrass Region members, have been co-chairing the event since its start in 2004. This year the concours folks have sent a request to our local car community looking for people to fill several concours roles. If you would be interested in being more involved in our concours, consider these roles:

\*\*\*\*\* **HELP WANTED** \*\*\*\*\*

**People to join the Keeneland Concours d'Elegance Team, show date July 16, 2017**

These are volunteer Positions — The KCdE Team is an entirely volunteer organization. These positions are not compensated beyond the satisfaction of being part of a spectacular charitable organization benefitting the Kentucky Children's Hospital at the University of Kentucky.

• **WRITER/EDITOR:**

We are seeking a writer/editor for our AWARD-WINNING program, public relations and advertising, a vacancy created because our past editor moved away from Kentucky.

• **VOLUNTEER COORDINATOR:**

After 14 years, our volunteer coordinator is retiring from this position but plans to work alongside a replacement up to the July 2017 concours date.

• **CHIEF OF EVENT SITE:**

After 14 years, our site chief is retiring from this position but plans to work alongside a replacement up to the July 2017 concours date.

• **CAR SELECTION TEAM MEMBER:**

This experienced, fun team needs a few more members to assure that we have a full field of distinctive automobiles on the field at Keeneland.

• **SPECTATOR PARKING DIRECTOR:**

An increase in spectator attendance requires the need for a person responsible for parking arrangements. Parking is plentiful at Keeneland but spectators need directions to the best places and to handicapped assessable areas.

• **VENDOR VILLAGE DIRECTOR:**

Vendor Village is an array of tents rented by commercial automobile and lifestyle related businesses. We need a person to work with the Administrative Director to be responsible for identifying and recruiting appropriate vendors.

• **ASSISTANT--- HIGHLY SKILLED POSITIONS:**

We always welcome folks who will apply their skill sets in specific areas throughout the year to help reach our goals of supporting the Kentucky Children's Hospital beyond just volunteering during the show.

Also, remember that I am always looking for Day of Show Volunteers to assist with the Car Club Paddock logistics and traffic direction. Contact me directly if you would like to volunteer for Day of Show in the Paddock. Let's have some Porsche fun soon.

Members are welcome. See Event Calendar for more details.

# BOARD MINUTES

by Patrick Meyer

**Date: November 7, 2016**

**LOCATION: Marikka's Restaurant and Bar**

Meeting was called to order by President Ken Hold at 5:38 pm. Quorum was verified. Attendees were Ken Hold, Patrick Meyer, Jamie Donaldson, Neil Fisher, Ed Steverson, Rey Au, Bill Larkin, John Schmidt and member Rick Music.

Jamie Donaldson moved to approve the October meeting minutes. The motion was seconded by Bill Larkin.

## **Board Reports:**

**President's Report:** Ken noted October was another active month for club activities and highlighted how well attended the multi-marque November Cars & Coffee was at Foreign Affairs.

**Vice-President's Report:** none

**Secretary Report:** none

**Treasurer's Report:** Ken reported a balance of \$1,734.29. A recent submission for \$250 as reimbursement from National for the annual member appreciation event was received and deposited.

**Past President's Report:** Ed noted efforts on billing and collecting from advertisers, which is going well. There was discussion about the bank service fee the club pays monthly and an effort will be undertaken to negotiate the fee or have the fee eliminated.

**Director Report:** Bill reported on his recent track day where he had the honor of having club Secretary and racing enthusiast Mike Wilson as his instructor.

**Safety Report:** none

**Activities Report:** Neil noted there was a light turnout for the October social at Oak Springs Grill. There is potentially a Tech Session on November 19, to be hosted by Jim Brandon. Details on this to follow. The November social will be on Sunday November 20 at Ramsey's on Harrodsburg Road. Other events will be noted on the website and in the Rumble.

**Historian Report:** none

**Membership Report:** Ken noted we are at 215 regular and affiliated members. A new member is Danny McCracken who drives a 2006 911 4S.

**Newsletter Report:** Rey noted the November Rumble is slated to be posted on Friday, November 11 pending a few more submissions from Board members or Chairs.

**Social Media Report:** none

**Tech Report:** none

**Track Report:** none

**Webmaster Report:** none

## **Old Business:**

**Fall Charity Drive:** Ed reported the club donated \$940 to the American Macular Degeneration Foundation as a result of collections from the Fall Charity Drive.

**Spotlight Articles:** Patrick reported Porsche of the Village will be featured in the November Rumble and Abracadabra Graphics will be featured in the December Rumble.

**Club Knickknacks:** Ken reported that the club should be able to have co-branded items, such as drink glasses, and Ed reported that he will continue to investigate options for new knickknacks, included drink glasses which have both the club and a sponsor's name on them.

**Panorama Articles:** Ed is working on an article for Panorama covering the Fall Charity Drive.

**Event Chairperson Guidelines:** Neil reported these guidelines are still in development and will be presented at the December meeting.

**Club Elections:** Ken reported the Nominating Committee (Ken, Ed and Patrick) met in October and are working on the slate of officer and director candidates. Incidentally, member Rick Music attended the meeting and expressed his interest in joining the club leadership group. Rick is a retired executive from Ashland Corporation, is a long-time club member and has been active in Keeneland Concours activities in the past.

## **New Business:**

**PCA National Elections:** Ken noted the ballot of officers for the National organization has been mailed and he encouraged all to vote. Ken chairs the nominating committee at the National level and commented that he feels each candidate would help the PCA move forward successfully.

**Submissions for National Awards:** Rey noted he and Helena intend to submit some editions of the Rumble for a National Award.

**Calendar for 2017:** there was no discussion on this topic, which will be moved to the next meeting.

**Multi-Marque Cars & Coffee Discussion:** The group discussed the evolution of the Multi-Marque Cars and Coffee event, noting that the Bluegrass PCA began sponsoring this event about 4 years ago and has seen it grow into a very large event, with hundreds of cars, drivers and enthusiasts now in attendance. Ken is looking into the overall direction of the event and how best to handle issues that can arise from large events.

**Holiday Party:** Ed will send to Board members proposed menu selections for the Holiday Party in January 2017 and ask each Board member to vote for menu choices.

## **Meeting Close:**

Motion to adjourn by Jamie Donaldson and seconded by Bill Larkin. Meeting adjourned at 7:02 pm.

# SOCIAL MEDIA

What's going on in the club? How do I change my oil? Who are the officers and how do I contact them? Where can I see photos of the latest events? What does it takes to get my Porsche on the track? I wonder if anyone in our club has a Bosch hammer?

All of those questions can be answered in one of the club social media sites or communication channels listed below.

# ADVERTISER SHOWCASE

## Abracadabra Graphics: Everything You Need to Promote Yourself And Your Business

**Ed and Tracy Stevenson know a thing or two about promotion.** Both are professional graphic designers and for the past 19 years have owned and operated Abracadabra Graphics. Rumble readers and Bluegrass PCA members are already familiar with their work: some years back the Stevensons published the Rumble, and they prepare the annual ballots we use to elect club officers and directors. The club badges, shirts and other tchotchkes all come to us by way of Abracadabra, too. They truly love helping businesses get their messages across. Ed and Tracy gave Rey and I the grand tour of "where the magic happens" when we visited their office / production studio, which is conveniently located adjacent to their Frankfort home.

Abracadabra Graphics is a one-stop shop for your promotional needs. They provide design, printing, promotional items, apparel and signs for their customers. "Tracy does the artwork and I pretty much handle everything else," says Ed. "In a typical client situation, we might first design their logo, then produce business cards and t-shirts, then create signs and other types of promotional materials. We can do it all."

They have some wonderful success stories to back it up. "In the previous election cycle we had exclusive contracts with 12 different political campaigns, where we provided everything for the candidates, from yard signs to t-shirts, printed goods and a lot of promotional items in-between. All 12 of the candidates we worked with won their elections." Ed is beaming with pride as he tells this story.

Photos by Joseph Rey Au

Another challenging project they recently completed was providing the “wayfinding” directional signage for a Frankfort church. So when you happen upon Buck Run Baptist Church and need help navigating around the 52,000 square foot complex, you can rest easy: Abracadabra signage will help you find the way -- literally and metaphorically.

Ed and Tracy know that creative, innovative design stands out and makes a difference. To illustrate, Tracy hands me her business card, which immediately grabbed my attention because it wasn't the typical boring rectangular cheap online version. Rather, it was a delightful circular card measuring a bit larger than an Eisenhower silver dollar. The card still conveyed all the pertinent information, but it was round. How cool is that?

Ed directs us to the corner of the production area where we find a variety of print media used for signs and other products. There are rolls of different types and textures of paper stock, banner material, wraps, static cling media as well as dozens of colorful vinyl stock, all of which they use to create eye-catching signs. “We can laminate just about anything, too.” Ed says, as he hands me a menu they recently did for a Lawrenceburg restaurant.

One of their newest pieces of equipment is a latex printer. It's the largest printer I've ever seen, about the length of board fencing on a horse farm. “This is state of the art. I can print signs up to 64 inches wide on all different types of media with this device,” Ed says. And he demonstrated this by printing a billboard-size banner featuring a group of Bluegrass

PCA Porsches lined up in front of a Kentucky covered bridge.

Next, Ed tells us “we're going to make a race-day number plate for a car.” Tracy, at the computer, creates a rectangular, foot-high design of the number 13. She saves the file and sends it to Ed's computer. Ed quickly arranges the design in preparation for a cut-out, then directs the image to the graphic cutter, which comes to life in a flurry of whirring noises, etching the design into a piece of pre-cut gray vinyl. Ed then takes the etched vinyl and strips away the excess, so all that remains are what will be transferred to the car door. We then go downstairs to Ed's garage (which, as many of you know, doubles as a majestic motorhead man cave) where, after gently cleaning the passenger door of his Carrera 4S, he transfers the number plate to the car. Voila! A professional job, from design to finished product is about 10 minutes. Wouldn't you prefer to have something like this on your car door for your next trip to Putnam Park? Sure beats making numbers out of blue painters tape, I'd say.

If you are in the market for graphic design or promotional materials be sure to reach out to Ed and Tracy for help. They are happy to show you how Abracadabra Graphics can help you create and deliver successful promotions -- and in the process, add some magic to your life.

# TECH SESSION

by Jim Brandon  
November 19

## Differential 101

**Bluegrass region held a Tech Session on Saturday, 19 November at Jim Brandon's garage.**

The subject of the session was the disassembly and re-assembly of a stock Miata differential. Prior to the actual work, the group spent time becoming familiar with several examples (Ford and Honda) of both open differentials, limited-slip, or "Posi-Traction" differentials, front wheel drive differentials, and gear terminology.

Photos by Joseph Rey Au

Once we started the hands-on part of the session, the Miata center section, aka the chunk or the pumpkin, was removed from the rear housing and then the axle stub shafts, pinion shaft, ring gear and differential carrier were separated. After a review of "which parts do what" we began re-assembly.

During re-assembly the group had an chance to work with pinion bearing pre-load which on the Miata is controlled by a crush sleeve.

Once the pinion shaft was installed, the ring gear assembly was set in place and we tried our hand at setting the back lash with a dial indicator. After that we discussed how the differential bearing pre-load was set and then used gear marking compound to generate a gear contact pattern.

After about an hour, the group (12 Bluegrass Region members) had a basic understanding of the operating principles of an automotive differential and the differences in open and limited slip designs and front and rear wheel drives.
