at 5:30 p.m. Meeting starts at 6:30 p.m. Come  
to the premeeting, get to know folks and talk  
Porsches!!

**Ken Hold** • email: [kendellhold@insightbb.com](mailto:kendellhold@insightbb.com)

Hey, it's January. A new year and you have a new person writing the President's column. Yes, it feels a

bit strange to me too. For those of you who don't know, I've replaced Brian Kiser as President of the Bluegrass Region. Many thanks to Brian for doing a great job as our charter President. He was faced with all the "first ever" items a new region has to creatively deal with. He did super in getting us started and keeping us going. I'm excited about continuing our positive direction and making 2005 a fantastic year.

First I'd like to tell you a little about me and mine. My wife Adell and I have been PCA members for over five years. We initially joined the Southern Indiana Region with job transfers resulting in changing to first the Ohio Valley Region and then to the Bluegrass. Being PCA members enabled us to quickly get involved in some neat activities and meet some really great folks. It's still fun catching up with folks when we attend PCA events with other regions. While we enjoy most any activity that can be done in a Porsche, cruising the rural Kentucky roads is probably our favorite. What we enjoy most about the club is being able to spend casual time with other car crazy folks.

Now I'd like to shift gears and talk a little about the BGR. We had an outstanding 2004. In summary we had 36 club activities. Ten of these were meetings, but they were fun too. Ten were drives that included excursions of the Lexington area with some extending to Paintsville and Falmouth. Gary Hackney introduced several of us to his "Torturous Teutonic Tours". We had six social events ranging from a "pitch-in" bonfire to dinner at the Frankfort Country Club. Four tech

sessions ranged from brake bleeding to car detailing and performance dyno runs. Our two cross regional activities took us to Cincinnati and Nashville. In addition, we were key guests or participants at four car shows. Several of our club members are founding members of the Lexington Concours d'Elegance. Remember this was only the second year of our Region's existence! So what's in store for 2005? You can get some idea by checking out the activity section in the Rumble and at our soon to be updated website. Most 2005 event specifics are yet to be developed. If you have event suggestions, get them to a Board member or directly to Ed Stevenson our Activities Chair. One area we are definitely focusing more attention to is Driving Events. We are filling the role of Driving Event Chair to better organize "on-track" activity. Much more information will be shared at our General Membership meeting that will be held on January 30 at the Springs Inn starting at 6:30 pm. There will be an informal "choose from the menu" meal if you would like to come at 5:30 pm. Let me know via email at [kendellhold@insightbb.com](mailto:kendellhold@insightbb.com) if you plan to attend the meal. An approximate count will help the Springs Inn with their arrangements.

A key for our club's growth is that it must be of value to you. Your Board wants to provide activities that interest and excite you. We want to have a broad offering of activities so you can choose where you would enjoy being involved. Come early to the Springs Inn to enjoy a meal and share your ideas. You will definitely enjoy spending the time with lots of other Porsche car nuts.

Ken Hold

# January

**January 23, 2005:** Working Board Meeting at Ken & Adell Hold's home Ph. 859.396.3502. Meeting starts at 6:30 p.m.

**January 30, 2005:** General Membership Meeting at Springs Inn. Premeeeting social and order from menu dinner at 5:30 p.m. Meeting starts at 6:30 p.m. Come get to know folks and talk Porsches!!

# February

## Membership by Gary Hackney, Membership Chair

Our membership is at 85, with no drops this month.  
Welcome to our newest member,

### David Ratliff of Lexington, with a 2005 GT3.

While I can't yet access the new database online, the national office has been good about sending out monthly hardcopy membership lists. No word on when we'll be completely back to normal.  
-Gary Hackney

## Editors Column by Ed Stevenson

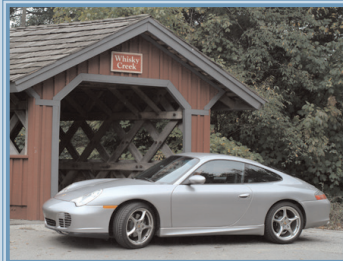

It's a new year and a new beginning for the club. New officers have been elected and I'm in the planning stages of this years activities calendar. Currently I have scheduled two concours, the opportunity to drive your car on The Kentucky Speedway, and planning a couple of tech sessions. Any suggestions for future activities and or tech sessions are welcome.

Do you have a repair on your Porsche that needs to be done and you do not have the tools or facilities or knowledge to do so? Send me an email and I will try and find someone who has the knowledge and a facility to have a tech session. After all, that is what the club is about, the love of the car and the friendships that are created by participating.

As I'm sure those of you that receive the Rumble in the mail have noticed the Rumble is now printed in black and white. I still design the Rumble in color and if you choose to receive the Rumble in pdf form via email you can still view and print in color. To receive the Rumble via email, simply send an email to [rumble@abracadabra-graphics.com](mailto:rumble@abracadabra-graphics.com). Hope to see you soon at a club activity.

Drive it,  
Ed

## On the cover

Larry's Woods's

2004  
40th anniversary  
at the 2004  
Autumn Derby at  
Makers Mark.

Larry's car is the  
8th out of 1963  
cars produced.

## NISH MOTORS, LLC

We are pleased to offer indoor storage for RV's, trailers, sports cars and motorcycles. The 4,000 square foot facility is located in Lexington and is monitored by Bluegrass Alarm Systems. Special rates are offered for PCA members. For more information, please contact :

Mark Onishi  
at 859-263-5929  
(PCA member since 2000).

## Blow Your Money On Cars, Not Insurance.

Let's face it, the less you spend on insurance, the more you'll have to spend on the car of your dreams. So call Hagerty. Since all we insure are collector car owners - the safest drivers on earth - our rates are ridiculously low. So blow your dough on something fun for a change.

## Shift Block

for Porsche 924,  
924s, 944, 944t,  
944s, S2 and  
968

**Stop sloppy shifting.**

**Stop missing shifting to next gear.**

**Stop long throws of gearshift between gears.**

With Stuttgart Motorsports new patented linkage block you will get more positive crisper shifts every time.

Stuttgart Motorsports shifting block has been race tested and approved by the Screaming "O" Racing Team and other racing teams for the last two seasons in Porsche club racing.

Unlike some shorter shifter kits that shorten the shift so much it's hard to get in and out of gears, Stuttgart's shift block restores a shorter shift and the crisper feel of a new car shifter.

At less than half the price of other short shifter kits, Stuttgart's shifting block can easily be installed by your local shop.

KIT INCLUDES: detailed instructions, shifting block, spring clip, and lock nut.  
LINKAGE NOT INCLUDED.

Installation should be done by qualified service center or a knowledgeable enthusiast. Will not work on 924's with 016-Y or Z, 5 speed transmissions.

To order call 859.255.7278 or  
email: [stuttgartmotors@alltel.com](mailto:stuttgartmotors@alltel.com)

## 2005 Track Days

### Other PCA region's track days.

**March 12-13** Alabama Region PCA at Barber Motorsports Park

**April 16-17** Lapping day, Ohio Valley Region PCA at Mid-Ohio Sports Car Course

True or False

9) The electronic fuel injection used by the 914-4 was developed jointly by Robert Bosch and Volkswagen.

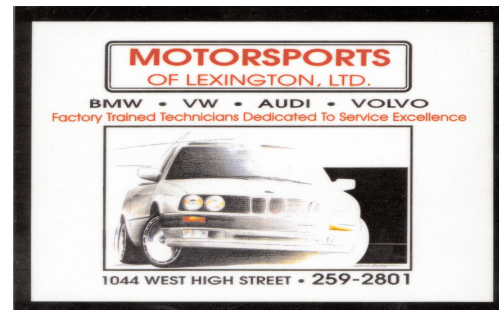

True or False

10) The 930 was introduced in the US as a 1976 Turbo Carrera.

True or False

### Answers:

1)True 2)True 3)True 4)True  
5)True 6)True 7)False 8)True  
9)True 10)True

## Tech Session

### KLA Strut Brace Installation 964/993, Skip at Paragon Products

#### Installation:

1. Remove 3 nuts holding strut assembly to the body. 2 nuts toward front of car. 1 rear/inner nut.

2. Place bracket over studs with long leg of bracket over front 2 studs as in the picture.

3. Replace washers and nuts. Tighten to 18 ft-lbs.

4. Repeat for other side of car.

5. Install bar on brackets and tighten. Hardware order is: bolt/washer/bar/bracket/washer/lock-washer/nut. Length can be adjusted by the ends.

6. Turn bar to take up "slack". Tighten backing nuts.

Application: 90-94 911 (964 & 89 C4 only), 95-98 911 (993)
